Advanced Order Export For WooCommerce

woocommerce

📄 https://docs.algolplus.com/algol_order_export/hooks-filters/

woocommerce

GG

```
add_filter('woe_get_order_value_custom_num',function ($value, $order,$fieldname) {  
    $value = 'GG' . $order->get_order_number();  
    return $value;  
},10,3);
```

woocommerce

additional_temp

```
add_filter('woe_get_order_value_custom_temp', function ($value, $order, $fieldname) {  
    $additional_temp_value = get_post_meta($order->get_id(), 'additional_temp', true);  
  
    if ($additional_temp_value === '') {  
        return '0';  
    } else {  
        return '1';  
    }  
}, 10, 3);  
  
add_filter('woe_get_order_value_custom_additional_receipt_id', function ($value, $order,  
$fieldname) {  
    $additional_receipt_id_value = get_post_meta($order->get_id(), 'additional_receipt_id',  
true);  
  
    if (empty($additional_receipt_id_value)) {  
        return '1';  
    } else {  
        return '0';  
    }  
}, 10, 3);
```
